Registration Form

Please ensure that the player's birth certificate number is completed on the form. A birth certificate must be produced at registration for new players. It is essential that all details are completed and that the registration form be posted or delivered in person on registration day.

Parental Involvement

Like all junior clubs we rely heavily on parental involvement. Junior football provides a great opportunity to get involved in your child's development and demonstrate your support. It is also a terrific venue for establishing new friendships. Don't just be a spectator – reap the rewards of being an active participant in the team and the club. **Currently the Club requires a Canteen Manager, let us know if you can help.**

Coaches always need assistance at training, particularly with the younger teams, to develop individual and team skills. There is room for people who do not want to commit to being 'the coach' but who can regularly attend training. The committee is also looking for support from parents of the junior teams – it is important that all age groups have a voice in the running of the club. Please indicate on the registration form if you are able to assist.

Auskick

Auskick players should use only the special AFL Auskick registration form. Auskick packs will only be distributed on payment of registration fees. To avoid confusion, please pay in person on registration day or on the first training date – please do not post your registration fee.

Players are put in teams with friends and schoolmates (nominate friends' names on the form) but late enrollments may not get the same consideration.

We do require new coaches (SO DON'T BE SHY). Each team also requires coaching assistants and a team manager – these are fun and rewarding roles. Please indicate on the registration form if you are able to help. Do not hesitate to ask if you require more information about any club roles.

Auskick coordinators, Sandy and Michelle, will be available on registration day for any questions.

Allocation of Teams

It is a Perth DDC requirement and Club policy that where there are two or more teams in any age group (9s onwards) then teams will be selected to be of approximately equal strength. Every effort will be made to place players with friends or previous team mates however teams may be balanced under this policy.
